

A photograph of three people celebrating at night. On the left, a woman with dark hair and a black top smiles with her arms raised. In the center, a woman with long dark hair and a patterned top smiles. On the right, a man in a dark green blazer and white shirt smiles with his arms raised. They are all holding lit sparklers that create bright sparks against a dark blue night background. A large white circle is overlaid in the center of the image, containing the text 'TRUE TO LIFE™'.

OLYMPUS®

At Olympus, we are committed to contributing to society by

MAKING PEOPLE'S LIVES HEALTHIER, SAFER AND MORE FULFILLING.

This is our story...

At Olympus, we are passionate about the medical technologies, life sciences, industrial solutions, cameras and audio products that we bring to the world. We are truly proud of the way they positively impact people's lives.

As a precision technology leader, we craft innovative optical and digital solutions that help make people's lives healthier, safer and more fulfilling every day. And everyone here at Olympus helps make that happen. We're invested in people, great ideas, and how they impact the communities around us. We see the world through multiple lenses and come together to find the right answers; the best solutions.

We stay true to people...

TRUE TO YOU...because customers, patients, stakeholders and our employees rely on our products and services every day.

TRUE TO SOCIETY...because we craft technologies that improve health, provide safety and enrich lives.

TRUE TO LIFE...because people's wellness and happiness are at the core of everything we do.

OLYMPUS...TRUE TO YOU. TRUE TO SOCIETY. TRUE TO LIFE.

MEDICAL TECHNOLOGIES

We work with health care professionals to combine our innovative capabilities in medical technology, therapeutic intervention, and precision manufacturing with their skills to deliver diagnostic, therapeutic and minimally invasive procedures to improve clinical outcomes, reduce overall costs and enhance quality of life for patients. We also pioneer, develop and manufacture cutting-edge devices for several surgical specialties, driving forward the frontiers of minimally invasive devices and technology.

EMPLOYEE TESTIMONIALS

“ Working as a Diversity & Inclusion practitioner within Olympus has been a rewarding experience. Making minor changes within the workplace has left an impact on so many. Part of the work of Diversity & Inclusion is helping those already in the workforce feel included and more comfortable being themselves at work. It’s about creating a space for individuals to fully contribute and thrive.”

– KELLY PETTIS, OLYMPUS EMPLOYEE

“ It is incredible to work for a company that offers so many different ways to give back. Olympus matched my donation to a charity that I hold near and dear to my heart. I am also looking forward to taking advantage of the two-day allotment each employee is allowed to spend volunteering at an approved charity of their choice. It is an honor to be a part of such a kind and giving organization that sincerely cares about the health and well-being of its employees and the community. I love what I do, but I also I love the company I work for!”

EMPLOYEE TESTIMONIALS

“ When the Wellness program at Olympus started several years ago, I was at first resistant, but then I recognized it for the motivational tool that it is. I signed up for my first health screening and waited eagerly for the results. Many of my numbers were in the yellow, some even approaching red! My blood pressure was moderately high, along with my weight, and I was labeled as obese! The results floored me! Now, I’m in the best shape of my life and I’m training for my first full marathon.”

– DOLAN MILLS, OLYMPUS EMPLOYEE

“ I personally enjoy working at Olympus for the various opportunities available. Olympus is very supportive and encourages employees to be involved with initiatives about which they are passionate, including helping to develop a corporate diversity and inclusion initiative. I appreciated the opportunity to ‘get in on the ground floor’ in helping to build the initiative’s foundation and watch it grow. This initiative has allowed me to leverage my experience as a trainer and project manager in order to fulfill this role and apply my passion to such a meaningful endeavor.”

– JIM ROMMENS, OLYMPUS EMPLOYEE

Staying true to people means staying true to our employees. We provide the tools, resources and work environment needed for our employees to thrive, both inside and outside the office.
