

The power to capture great images. The flexibility to do it your way.

8.0 Megapixel Combines with a 3x optical, 15x total zoom capability to help you capture high-quality images with subtle detail – up close, or at a distance.

2.5" LCD This large LCD helps you view and share images during shooting and playback.

Easy Print One button printing from the camera to any PictBridge[™]-enabled printer including the Olympus P-11.

Full Manual and Automatic Control Whether you're feeling creative or prefer the camera to handle things, you have the power to decide.

30 Selectable Shooting Modes Simply turn the dial and select the desired shooting mode from 27 creative scene options – including landscape, portrait, indoor, night scene, candle or fireworks.

Expanded Capabilities As your needs change, use the threaded barrel to add conversion lenses, or the hot shoe for external flashes. On vacation, put the camera in the optional Underwater Housing, and use the underwater scene modes to capture unforgettable images.

TruePic TURBO[™] Image Processor Our exclusive built-in technology enables smoother, more accurate images with accelerated startup and shutter release times.

QuickTime[®] Movie Mode with Audio Bring your pictures to life, then e-mail them to family and friends.

The SP-350 leaves no detail behind. With its impressive 8.0 megapixels, you can enlarge images knowing what you see won't be distorted.

Stock No. 225715
